If you've never been to Tarangire (and even if you have) you're in for a real treat. Tarangire is filled with giants – baobab trees all across the park, as well as elephants, lots of them. But that's just the beginning. Of the big cats, you'll probably see lions, and cheetahs and leopards are around, too. And it's impossible to miss the wildebeest, giraffes, hippos, buffaloes and zebras. Your backdrop for all of this is one of the prettiest in northern Tanzania, with a memorable mix of river woodland, open plains and rolling hills.

And some vantage points to take it all in.
